The Fiber Society's 2023 Spring Conference

Fibers for a Sustainable World

May 15–17, 2023

German Institutes of Textile and Fiber Research
Denkendorf, Germany

Call for Papers

The Fiber Society seeks papers on fundamental research related to the science and engineering of fibers and fibrous materials for its 2023 Spring Conference, with a focus on *Fibers for a Sustainable World*, scheduled for May 15–17, 2023, at Denkendorf, Germany. Submissions of original work related but not limited to the following themes are welcomed:

- Biofibers and Biobased Fibers
- Fiber Recycling
- Biodegradation
- Fibers for Environmental Technologies
- Fibers for Energy Harvesting
- Fibers for Healthcare and Medical Applications
- Fiber Formations, Structures, and Properties
- Yarns and Fabrics: Processes, Structures, and Properties
- Fiber Surfaces and Interfaces
- Fiber Testing and Characterization
- Smart Polymers, Fibers, and Textiles
- Fiber Composites

Online submissions only will be accepted beginning December 15, 2022. Access The Fiber Society website at www.thefibersociety.org and follow the link for submission; **do not** email your submission. Formatting guidelines for oral and poster abstracts are provided online. Submissions **must be** in the proper Word document format; no PDFs. **Submission deadline is March 1, 2023.** Notification of acceptance will be no later than April 1, 2023.

Conference registration will be online through The Fiber Society website. We hope everyone can attend the Spring 2023 Conference to enjoy the presentations and networking. Up-to-date information about the conference, hotel accommodations, travel, and more will be available on the website as details are finalized.

For inquiries regarding technical content, contact Martin Dauner (martin.dauner@ditf.de). For questions concerning the abstract submission process and conference registration, contact Pam Gabriel (pam.fibersociety@gmail.com).
