## The Fiber Society's Spring 2022 Conference

*Fibers for a Greener Society:  
From Fundamentals to Advanced Applications*

**May 30–31 and June 1, 2022**

**KU Leuven  
Leuven, Belgium**

### *Call for Papers*

*The Fiber Society* seeks papers on research related to the science and engineering of fibers and fibrous materials for its Spring 2022 Conference, scheduled for May 30-31 and June 1, 2022, at Maria-Theresia College, Leuven. Submissions of original work related to the following themes are welcomed:

- Fiber Surfaces and Interfaces
- Nanofibers: Production, Characterization, Modeling, Testing
- Cellulose Fibers
- Fibers for Healthcare and Medical Applications
- Optical Fibers and Opto-electronic Applications and Devices
- Printing on Fiber-based Materials
- Fiber-reinforced Materials/Composites: Manufacturing, Characterization, Modeling, Testing
- Fibers for Energy Applications
- Textiles: Production, Characterization, Modeling, Testing
- Fiber-based Sensors

**Online submissions only will be accepted beginning December 1, 2021.** Access The Fiber Society website at [thefibersociety.org](http://thefibersociety.org) and follow the link for submissions; **do not** email your submission. Formatting guidelines for oral and poster abstracts are provided online. Submissions **must be** in the proper Word document format; no PDFs. **Submission deadline is March 11, 2022.** Notification of acceptance will be no later than April 8, 2022.

Conference registration will be online through The Fiber Society website. Up-to-date information about the conference, hotel accommodations, travel, and more will be available on the website as details are finalized.

We are pleased to announce our Plenary Speakers: Pasi Kallio, Tampere University; Alexander Bismarck, University of Vienna; Nicolas Vandewalle, ULiège.
